

E-Bike Business Trial Try before you buy

We at Ian Brown's Cycle Shop are eager to assist businesses and organisations that wish to trial electric bikes for their staff to use on trips and errands.

We have two Bergamont electric bikes, one ladies and one gents, which it is possible to trial for any two week period at no cost and without obligation. At the conclusion of the trial period, we will collect the bicycle and be happy to fully discuss supply options of an e-bike on a permanent basis if that is required.

In order to book a trial for your business please complete the following
